Subject: July 2016 Narrative for the Construction Workforce Reports

Construction Workforce Action Update:

The Construction Workforce ordinance applies to all construction contracts the City entered into after September 1, 2007, that require more than 800 construction labor hours exceeds an estimated cost of $300,000. On December 15, 2009, the Statutory Agencies adopted the City's Construction Employment Program as embodied in Ordinance No. 070504. The Workforce Ordinance under Chapter 38 was repealed in its entirety May 1, 2013, and replaced with Ordinance 130275, Sections 3-501 thru 3-527. All projects (including public, private project with City funding and Statutory Agency projects) that started after May 1, 2013, are subject to the monitoring and penalties set forth therein.

Under the Ordinance, the Prime contractors are to self-report worker hours for their Company-wide construction workforce in the Kansas City Metropolitan Statistical Area (KCMSA). Primes are also required to self-report worker hours on specific projects funded by the City or that are tax incentivized. Subcontractors are only required to report their Project-specific worker hours.

The established workforce participation goals for minority and female workers are 10 percent (10%) and 2 percent (2%) respectively. The hours for the month of July 2016 are depicted in the titled July 2016 Detail Report. This report consists of KCMO City projects and Statutory Agency projects that have a Contractor Utilization Plan on file.

Below is a synopsis of the workforce hour totals for the month of July 2016:
