## Healthy Homes Rental Inspection Program Fee Calculator

### Initial Application Fee:

A fee of twenty (\$20.00) dollars for each rental property is due at time of submission of the initial application for the permit.

### Rental Property Annual Permit Fee:

A fee of twenty (\$20.00) dollars per rental unit is due annually.

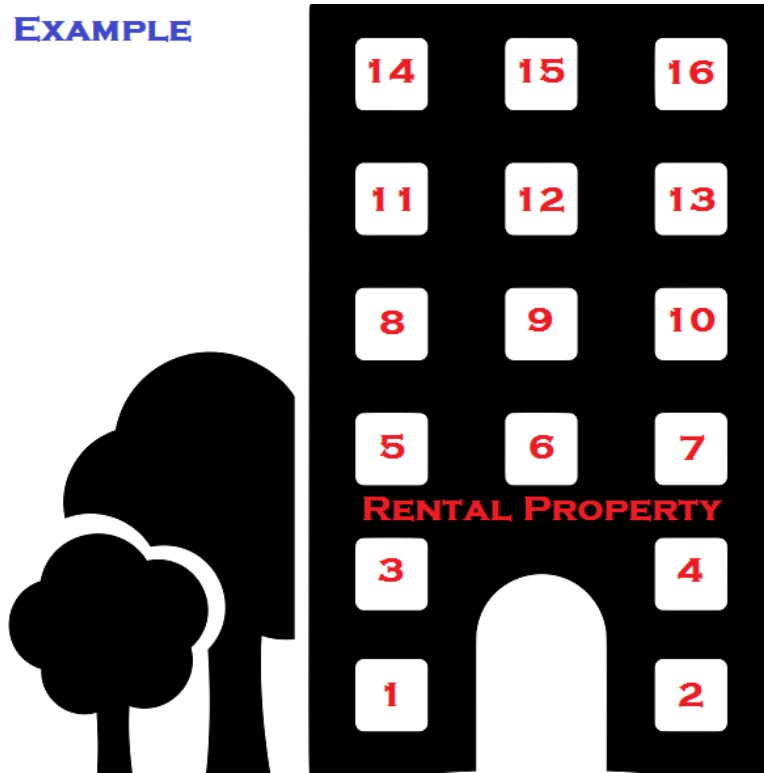

**EXAMPLE**

### **Example:**

<u>One-Time</u> Rental Property Application Fee =	\$20.00 per property
Rental Unit <u>Annual</u> Permit Fee =	\$20.00 per unit
Total Amount Due at Application (First Year) =	<b>\$40.00</b>
Total Amount Due Annually (Subsequent Years) =	<b>\$20.00</b>

## EXAMPLE

### Example:

One-Time Rental Property Application Fee =	\$20.00 per property
Rental Unit <u>Annual</u> Permit Fee =	\$20.00 per unit x 16
Total Amount Due at Application (First Year) =	<b>\$340.00</b>
Total Amount Due Annually (Subsequent Years) =	<b>\$320.00</b>

The Initial Application Fee of \$20.00 is due one-time at initial application or when a change of ownership for the property has occurred; the new owner must submit an application.

The Annual Permit Fee of \$20.00 is due yearly by December 31<sup>st</sup> for each rental unit within the property. For example, an apartment complex with 10 units would pay a one-time application fee of \$20.00, and the \$200.00 (\$20.00 x 10 units) permit fee with completed application. Only the \$200.00 annual permit fee would be due subsequent years thereafter.
