

YOUR INVESTMENTS AT WORK

WATER MAIN REPLACEMENT

In the Area of W. 75th Street and Wornall Road

WHO

- KC Water in partnership with Rodriguez Mechanical Contractors Inc.

WHAT

- Important infrastructure work will be performed in your neighborhood.
- The intersection of Wornall Road and 75th streets is directly affected and will be completed in approximately 45 days from the time construction commences.
- Water mains will be replaced with larger diameter and more durable pipes.
- Indoor water meters will be replaced and relocated outside homes.

WHEN

- Weather permitting, work will begin August 2019, and conclude in approximately 12 months.

WHY

- KC Water is undertaking this project to improve distribution system reliability, increase hydraulic conveyance capacity, and support fire protection.

IMPROVEMENTS

- Fewer anticipated water main breaks
- Increased reliability
- Fewer service disruptions
- Enhanced neighborhood fire protection

WHAT TO EXPECT

- Streets and intersections – including 75th Street and Wornall Road – will be temporarily restricted. The intent is to keep at least one lane in every direction open at all times.
- Water service will be interrupted for short periods. You will be notified beforehand with door hangers or by other means.
- Large equipment will create noise. Dust will be controlled.
- Water meters inside homes will be replaced and relocated. If affected, we will require access to your meter.
- Affected curbs, driveways, sidewalks and lawns will be restored.
