

CITY PLANNING & DEVELOPMENT

Optional Review/Certification for One- and Two-Family Dwelling Plans
Information Bulletin No. 103

kcmo.gov/planning

Purpose

As a customer service initiative, certified plans will be accepted in lieu of an in-depth plan review by City Planning and Development (CPD) staff. cursory reviews may still be conducted. Plans shall be reviewed and certified as meeting the requirements of applicable Kansas City building codes and ordinances by a Missouri-registered professional engineer and/or architect. The attached certification form shall be completed and submitted with the plans if exercising this option. See [Information Bulletin No. 100](#) for requirements for one- and two- family dwellings plan review submittals.

Certified Plans Requirements

If using this option, include "CERTIFIED PLANS" in the "Description" textbox on your [CompassKC](#) application (in addition to the full scope of work) and select the "YES" option at the "Will you be submitting certified plans?" portion of the [CompassKC](#) application.

Please note the following requirements for the use of certified plans:

- Engineered elements on the plan (i.e., construction outside the scope of prescriptive provisions of the International Residential Code) shall be sealed by the responsible designer and be accompanied by sealed design calculations per standard policy.
- This certification form may not be used in lieu of providing a specific response to plans review or inspection comments made by CPD staff.
- cursory reviews of certified plans may be performed by staff.
- All plan sheets **MUST** be sealed by a design professional licensed in the state of Missouri.

For any questions on this process, please contact the Division Manager of Plans Review or the Supervisor of Residential Plans Review at (816) 513-1500.
